Client Code Modification – Mentioned Points must be implemented before Changing Sauda.

1) Client Code Modification format must be filled by Dealer with specific reasons.
2) Confirm from dealer whether the trade executed with genuine reason.
3) Only one sided buy/ sell can be changed, both sided sauda in same account will not be considered.
4) Sauda changed in client code would be penalized by exchange as per latest norms.
5) Only the concern person will be responsible for the penalty.
